Good evening Sir,

I am Pavni Manocha, a third-year B.Tech CSE (AI/ML) student at Graphic Era Hill University, Bhimtal. I am applying for the **Generation Google Scholarship 2025**, which supports aspiring women in technology. As part of the application, I am required to submit a Letter of Recommendation from someone in a leadership or academic position.

While we may not have interacted directly, I am reaching out with utmost respect and humility to request your support with this letter. As the Director of our institution, your recommendation would greatly strengthen my application. I would be happy to share my resume and any other documents you may require.

If you kindly agree to write the letter, I will share your details on the application portal, following which you will receive an official email from the Generation Google Scholarship team with a secure link to submit. The final submission deadline is August 18, 2025, and I can ensure everything is prepared well in advance for your convenience.

I understand your time is valuable, and I would truly appreciate your support in this endeavour.

Warm regards,
Pavni Manocha
